

FOR LAW FIRMS & MEDICAL PRACTICES

EVERY MISSED CALL IS A CASE YOUR RIVAL SIGNS.

Marketing Bull is a senior growth consultancy for personal injury firms and medical practices. We find where a firm is losing cases or patients, build the system that fixes it, and stay accountable for the number it was meant to move.

YOU DON'T HAVE A LEAD PROBLEM

You have a leak. A prospect calls three firms in ten minutes and signs with the one that answers — and **42%** of intake arrives after 5pm, when most phones go to voicemail. You have already paid for those cases. You are losing them at the front desk.
